Giving us the right information

So that we can give you cover that matches your needs, it's really important that you provide us with information that's true, accurate and complete when you apply for your cover. If you don't, it can cause problems later on, like your policy being cancelled or a claim being rejected or reduced.

WHAT IS BUSINESS PROTECTION TERM ASSURANCE?

Business Protection Term Assurance is a type of insurance that protects your business from the financial impact of death or terminal illness (during the term of the policy) of a key person, for shareholder or partnership protection or for business loan protection.

WHAT DOES TERMINAL ILLNESS MEAN?

A terminal illness means that the illness either has no known cure, or has progressed to the point where it can't be cured.

A claim for terminal illness can be made where the person covered has been diagnosed by a medical consultant with an illness that is expected to lead to death within 12 months. If the consultant can't diagnose this, or expects death to occur more than one year after diagnosis, we won't pay a terminal illness claim.

We'll only make a payment for a diagnosis of a terminal illness if the person covered meets the definition in the Cover Details.

WHO CAN BUY BUSINESS PROTECTION TERM ASSURANCE?

To apply for this cover, businesses must be registered in the United Kingdom, Channel Islands, Isle of Man or Gibraltar, and can only provide cover in respect of British citizens or those resident in the United Kingdom, Channel Islands, Isle of Man and Gibraltar, aged 17 up to and including 75.

For renewable cover, the maximum age of the person covered is up to and including 54. In certain circumstances, we may be able to offer cover if the person to be covered is a resident overseas. For more information, please contact us using the details on page 8.

You can select to insure:

- you alone – we call this 'single life' cover;
- you and another person - we call this 'joint life' cover; or
- one or two people other than yourself - this can be either 'single' or 'joint life' cover.

WHAT DOES JOINT LIFE COVER MEAN?

Joint life cover is where two people require cover that if one person dies or is diagnosed with a terminal illness, the other is provided with financial support. The cover will only pay out once. The cover is jointly owned so once a claim is paid the policy will end, meaning the other person is no longer insured under this insurance. There needs to be an insurable interest (see below) between the two owners on a joint life cover, for example, they have a joint business loan.

INSURABLE INTEREST

You can only insure someone else if you would suffer financially were they to die or suffer a terminal illness.

We call this 'insurable interest'. You or the business must have an insurable interest in the person covered at the time the cover is taken out. You will always have an insurable interest in your own life.

It's possible to have an insurable interest in another person if you have a legally enforceable financial dependency or liability upon them.

THE FUNDAMENTALS - HOW IT WORKS

THE AMOUNT OF COVER

You decide how much cover you want. This is called the 'sum assured'. This is the amount we pay if the person covered dies or is diagnosed with a terminal illness during the term of the policy.

THE TERM OF THE COVER

The term of the cover is how long the insurance lasts. You choose the term of the cover. This can be any number of years between 3 and 70. However, the policy must end before the person covered reaches their 90th birthday.

RENEWABLE COVER

With renewable cover, you choose a level term of 5 or 10 years. At the end of this term, you have the option to renew the cover for a further 5 or 10 years, depending on your initial term, without providing further medical information for the person covered.

If you choose not to renew the cover, your cover will end.

You can renew the cover until the 60th birthday of the person covered.

TYPES OF COVER

- Level – a straightforward cover, where the amount of your cover stays the same.
- Decreasing – designed to cover any big debts you're paying off. The amount of your cover decreases each month, so that it reaches zero when your cover ends. It works in the same way as the outstanding amount on a repayment business loan of either 10%, 11%, 13% or 15%.
- Increasing – designed to keep up with rising costs over the years. The amount of your sum assured increases by 5% each year to protect against the impact of inflation.

Renewable cover is only available with a level sum assured. For more information on these types of cover, take a look at section 2.1 of the Cover Details.

PAYING FOR YOUR POLICY

We'll collect monthly or annual premiums from you by direct debit until your insurance ends.

Your premiums won't change, unless you choose increasing cover. If you choose an increasing cover, the amount you pay will increase each year to pay for the extra cover.

If you choose a renewable cover, your premiums will change when your cover renews. The new premium will be based on the premium rates at that time, the sum assured and the age of the person covered.

ADDITIONAL OPTION AVAILABLE AT EXTRA COST

Waiver of Premium – If the person covered is ill or too injured to work, Waiver of Premium means you won't have to pay your premiums.

We'll waive your premiums if the person covered is incapacitated for longer than 26 weeks. Waiver of Premium will end when they reach their 70th birthday.

You can include Waiver of Premium if the person covered is 54 and below when you buy the cover, for an additional cost. You can add Waiver of Premium for one or both people if you have a joint life cover. We won't waive premiums if Waiver of Premium isn't included in the cover for that person (the Cover Summary will show who is covered by Waiver of Premium).

For more information regarding Waiver of Premium, take a look at section 2.2 of the Cover Details.

WHAT DOES INCAPACITATED MEAN?

Incapacitated means that you're too ill or injured to work. It depends on whether the person covered is in paid work and what kind of work they do.

It'll either be based on their ability to be able to do their own occupation (the type of job they did before they stopped work), a suited occupation (the kind of job they could do) or certain work tasks (types of things people do in everyday life, like writing, walking or bending). We sometimes refer to work tasks as daily activities.

Which of these definitions applies to the person covered, will be agreed based on their circumstances when you apply - and will be confirmed in the Cover Summary. If the person covered has an own occupation definition, and when they become incapacitated they haven't been in paid work for over 30 days, we'll apply a work tasks definition to the claim.

MORE WAYS YOU CAN CHANGE

You can also:

- reduce the sum assured
- increase the term of the cover
- reduce the term of the cover
- stop, skip and restart annual increases if you have selected increasing cover, or
- change your premiums from annual to monthly and vice versa.

THE LIMITS

There's a limit to how much you can increase your sum assured - it can't be more than the lower of 50% of the original sum assured or £75,000.

If you have a renewable cover, you can't change the term of the cover.

CHANGING YOUR POLICY

You can change your policy to ensure that it still meets your needs.

Some of these options aren't available to everyone. This could be because, for example, the person covered has a particular medical condition when the cover is first taken out. For more information, including limitations, take a look at section 3.4 in the Cover Details.

BUSINESS CHANGES

You're able to increase the amount of cover without the need to answer any more health and lifestyle questions, up to and including the 55th birthday of the person covered and:

- the cover was taken for business loan protection and the owner of the cover increases their business loan
- the cover was taken for key person cover and the value to the business of the key person covered increases
- the cover was taken for shareholder protection and the share, or shareholding, of the person covered in the business increases in value, or
- the cover was taken for business partnership cover and the value of the partnership share increases (for example, where the total number of partners has reduced).

IMPORTANT INFORMATION ABOUT YOUR COVER

WHEN YOU'RE COVERED

Business Protection Term Assurance only protects you against events that happen to the person covered during the term of your policy. If something happens outside that term, you won't be covered. The Cover Summary shows what's covered and for how long.

REVIEWING YOUR COVER

Make sure you review your policy in line with the needs of the business. If you don't, you may have more or less cover than you actually need.

PROTECTING YOUR COVER AGAINST INFLATION

Inflation will reduce the spending power of any benefit you're paid in the future. To help protect your cover against this effect, you can choose to increase your sum assured by 5% each year.

If you have an increasing cover, the amount you pay will increase each year to pay for the extra cover. If you then change to a level sum assured, the premium will remain at the level it was when you made the change. If you restart the annual increase, the premium will increase again. You won't be able to restart the cover if it's been stopped for 3 consecutive years.

With the increasing cover, the premium will increase annually by a higher percentage than that of the sum assured, because of the increased likelihood of a claim as the person covered gets older.

COVERING A REPAYMENT BUSINESS LOAN

If you have a repayment business loan and choose decreasing cover and select an interest rate that doesn't meet or exceed the rate you're paying on your loan, the benefit we'll pay for a successful claim may not meet the outstanding amount of your loan.

IF YOU MISS A PREMIUM

If any premium remains unpaid for more than 30 days from the date it was due to be collected, we'll cancel your policy and you'll no longer be covered.

You may be able to reinstate your cover by paying any outstanding premiums up to six months after missing a premium.

THINGS YOU NEED TO KNOW

MAKING A CLAIM

If you need to claim, you should get in touch as soon as you can using the contact details on page 8.

If you'd like to know more about how to claim, you can find this in the Cover Details or visit aiglife.co.uk.

We'll pay the benefit to the person legally entitled to receive it. This will be confirmed when a claim is made. It'll depend on the nature and circumstances of the claim, and whether the policy has been assigned or put under a trust.

During the course of the claim assessment, we'll establish and confirm who we identify as legally entitled to receive the benefit.

WHERE A CLAIM CAN BE MADE

For a death claim, the person covered can be anywhere in the world.

For a terminal illness claim, the person covered can be residing anywhere in the world, however the consultant must be in an eligible country.

For Waiver of Premium claims, the person covered must be living in an eligible country when they become incapacitated. They must return to and remain in the UK, Channel Islands, Isle of Man or Gibraltar within 26 weeks of becoming incapacitated in order to receive the benefit.

For a list of eligible countries, take a look at section 5 of the Cover Details.

WHEN WE WON'T PAY A CLAIM

More insurance claims are paid than aren't. Here are the reasons why we won't pay a claim:

- you've stopped paying regular premiums throughout the term of your policy
- you provided inaccurate information when you applied for the cover
- you don't give us medical or other evidence that we ask for, or
- you didn't tell us if any of the information in the Cover Summary or Application Details we sent you is wrong.

We won't pay a claim if the person covered as a key person or in connection with a business loan leaves the business before a claim.

We also won't pay a claim if the person covered dies as a result of their own actions within one year of the cover start date or the latest restart date, or when we're entitled to cancel or amend your cover. Once the cover has been active for more than 12 months, if the person covered has asked us to increase the sum assured in the 12 months prior to them dying as a result of their own actions, no benefit will be payable in respect of this increase.

It's important to be accurate and thorough when applying. If you don't take sufficient care and give us information that's untrue, incomplete or inaccurate, we may need to cancel or change your cover so that it fits what we should have been told about. So if you later spot an error in your documents, contact us as soon as possible to change it.

Further information about when we won't pay a claim, or when we're entitled to cancel or amend your insurance, is available in section 2.1 in the Cover Details.

CHANGING YOUR MIND ABOUT THE COVER

If you change your mind about having cover within 30 days of receiving your policy documents, we'll refund any premiums you've paid, unless we've already paid a benefit before you cancel.

If you stop your policy, your insurance will end on the day before your next premium is due and you won't get any money back. If you're paying annual premiums, your policy will end on the day before the next monthly anniversary of the policy.

We'll retain the cost of any full (or partial) months of cover up to date of cancellation and will refund any balance of the annual premium.

Your policy has no cash value.

THE LAW

This cover is governed by the law of England and Wales.

All our communications with you now and throughout the term of your insurance will be in English. If you have a specific communication need, we'll do our best to support you. Just let us know.

CURRENT TAX RULES

Benefit(s) payable may be subject to corporation tax, income tax or capital gains tax, however any tax payable depends on the legal structure of the business and the need for which the cover is taken out.

Professional guidance should be sought before any type of assignment or changed ownership is undertaken.

If your policy isn't placed in trust, the benefit we pay may form part of your estate for Inheritance Tax purposes.

Cover held by the trustees of a trust shouldn't normally form part of the estate for Inheritance Tax purposes. However, we can't advise whether a trust is suitable in any particular circumstances or give tax advice in relation to the use of trusts.

We recommend that you take professional advice before setting up a trust.

PERSONAL INFORMATION WE COLLECT

Personal information we collect about you includes sensitive information such as your health and medical history. Where we collect this information, we'll rely either on your consent, or on a combination of the following justifications: performing a contract with you or preparing to enter into a contract with you; complying with regulatory requirements; or having a legitimate interest to request your personal information.

To give you a quicker decision about your insurance, we may make decisions about your application using an 'automated decision-making tool'. An 'automated decision-making tool' doesn't involve human input and we sometimes use it to determine whether we're able to provide you with insurance and on what terms based on the answers you give us.

We may also use your personal information to detect, investigate and prevent crime (including fraud and money laundering).
